Subject	MR025 River Groody Map Review

Errors were identified in the flood levels of the original Shannon CFRAM Flood Maps for the River Groody produced in 2016. Specifically the fluvial flood extent maps S2526LIK_EXFCD_F1_12 and S2526LIK_EXFCD_F1_13 for Limerick City & Environs Tiles 12 and 13. New versions of these Flood Maps were produced in 2019 with the corrected flood levels for the affected nodes.
