

FLOOD MAP REVIEW REQUEST FORM

As part of the Flood Map Review Programme, the OPW continues to update predictive flood mapping to provide the best available flood risk information to the general public. A flood map review for a location will only commence once a Flood Map Review Request Form has been submitted to the OPW. For further information on the flood map review process, please refer to the Flood Map Review Programme - Guidance Note.

1. CONTACT DETAILS

Company (if applicable):

Name:

Address:

Eircode:

Telephone No.:

Email:

Date:

Preferred method of contact (post / telephone / email):

Important Note: Contact details are requested solely for the purpose of allowing OPW staff to contact you in relation to the feedback you are providing to help investigate and resolve your concerns. No personal data will be published, and all personal data will be protected in accordance with data protection regulations and legislation.

2. FLOOD MAPS DETAILS

Provide the location of the area you have feedback on, please be as precise as possible to help identify the area in question (e.g., Eircode, Street, City, Town, Village, Townland, Area):

If you have a comment / feedback on a pdf printable flood map, please provide the details of the map:

Project

Map Title / Area

Map Number / Figure Number / Drawing Number

3. DETAILS OF THE FEEDBACK / COMMENT

Which of the following are relevant to your comment, please provide reasoning to support your comments. If necessary further detail to any question in this section can be provided at the end of this form.

3.1 Are the flood extents shown on the map different to a flood you have observed?

Yes / No

If Yes, please describe:

3.2 Have new flood defences been erected in this area (by OPW or others)?

Yes/No

If Yes, please describe:

3.3 Has there been a physical change to the watercourse (e.g. new infrastructure, new development, culvert or bridge upgrade, land raising, channel realignment etc.)?

Yes / No

If Yes, please describe:

3.4 Does the flood map suggest that there are errors and/or inconsistencies (e.g. incorrect levels, cross-sections incorrectly located, watercourse incorrectly aligned, a channel missing, etc.)?

Yes / No

If Yes, please describe:

3.5 Has a Strategic Flood Risk Assessment, supported by hydraulic modelling, produced flood maps that are significantly different to the OPW published Flood Maps?

Yes / No

If Yes, please describe:

3.6 Does this feedback relate to an active planning application?

Yes / No

If Yes, please describe:

Please provide with the completed form as much information as possible to support the issues as described above, e.g., separate / independent technical analysis, detailed flood risk assessment, other reports, survey data, photographs, etc.

The completed form and supporting documentation should be sent by email or post to:

floodinfo@opw.ie

FloodInfo,
Office of Public Works,
Jonathan Swift Street,
Trim, Co. Meath,
